

POWERENG

5th International Scientific Conference
**Power Engineering, Energy and
 Electrical Drives**
May, 11-13, 2015

Riga, Latvia

Call for Co-operation

<http://www.powereng2015.org/>

General Chairs

- Ilja Galkin
Riga Technical University (Latvia)
- Dmitri Vinnikov
Tallinn University of Technologies (Estonia)

Honorary Chairs

- Leonīds Ribickis
Riga Technical University (Latvia)
- Leopoldo García Franquelo
University of Seville (Spain)

Advisory Board

- Armando Pires
Politechnic institute of Setubal, Portugal, Chairman of POWERENG 2007, 2009
- İlhami Colak
Gazi University, Turkey, Chairman of POWERENG 2013
- Jose Aguado
Malaga University, Spain, Chairman of POWERENG 2011
- Leão Rodrigues
Universidade NOVA de Lisboa, Portugal, Chairman of POWERENG 2009

Organizing Committee

- Ansis Avotiņš
Riga Technical University (Latvia)
- Aija Laicāne
Riga Technical University (Latvia)
- Jānis Zaķis
Riga Technical University (Latvia)
- Aleksandrs Suzdaļenko
Riga Technical University (Latvia)
- Ingars Steiks
Riga Technical University (Latvia)

Deadlines

- **23/01/2015**
Full paper submission for review
- **23/02/2015**
Author's notification
- **6/03/2015**
Registration
- **13/03/2015**
Final paper upload

Basic information

The purpose of the POWERENG 2015 conference is to bring together researcher, engineers and practitioners from all over the world, who are interested in the achievements in the following areas of electrical engineering:

- **Power Generation, Transmission and Distribution**
- **Power Electronics, Systems and Applications**
- **Smart Grid Technologies and Applications**
- **Electrical Machines and Adjustable Electric Drives**
- **Renewable Energy Sources and Technologies**
- **Education in Power and Electrical Engineering**

The expected number of registered participants is from 200 to 400, that will be specified in 2015 February. Students and teaching staff of the Faculties of Faculty of Power and Electrical Engineering, Electronics and Telecommunication and Computer Science and Information Technologies are invited to the venue of the Conference - RTU Faculty of Power and Electrical Engineering.

This event will increase the recognizability of Your company as well as broaden Your contacts with new partners and attract international auditorium interested in Your product. This is a great opportunity to contact with the students of the above mentioned faculties for three days long event attracting new specialists and their attention to Your enterprise.

The previous POWERENG 2013 Conference gathered more than 500 visitors with more than 555 papers developed by 1895 authors from 63 countries, representing the Middle East, Europe, Asia and both American continents.

The co-operation packages

The following packages are proposed for the co-operation:

Benefit	Details	Platinum 5000 €	Gold 3000 €	Silver 1500 €
Audience	Public speech at the Conference Open ceremony	√		
	Info poster	√ (<6m ²)	√ (<2m ²)	
	Presentation of the company during parallel sessions (20-40 min)	√	√	√
Advertising places	Advertisement in the Conference program	2 PAGES	1 PAGE	
	Company logo in central place	√		
	Informative materials in the participant's package	√	√	√
	Company logo in the proceedings	√	√	√
Events	Free tickets for the social events	3 persons	2 persons	1 person
Media and social web-sites	Reference to partners: • Press-release in media web-sites • Radio and TV news blocks • Facebook and Twitter.	√	√	√
